

Efficient and Highly Versatile

TP 160 MOBILE

RELIABLE CHIPPING

DESIGNED

MANUFACTURED

DENMARK

A strong and reliable "best-in-class" machine - perfect for fast and easy breakdown of various green material

TP 160 MOBILE demonstrates that even a small wood chipper can be used professionally

- The integrated hydraulic system and two horizontal feed rollers give the machine a strong and smooth in feed
- TP 160 MOBILE is a disc chipper cutting the wood in a 90 degrees angle. Two blades and two anvils ensure an efficient wood chipping and a nice uniform wood chip quality
- Hydraulic control of the feed roller speed enables you to adjust the wood chip size from 4 to 10 mm
- With the No-Stress Control System **TP PILOT** and automatic coupling system **TP STARTER**

*Trust in
the quality*

As one of the first manufacturers of wood chippers worldwide, Linddana is offering a 3 year warranty for the complete range of TP Landscape Wood Chippers.

Optimise your up-time with the TP SERVICEBOX
with critical wear parts (included)

TP 160 MOBILE

Technical Data

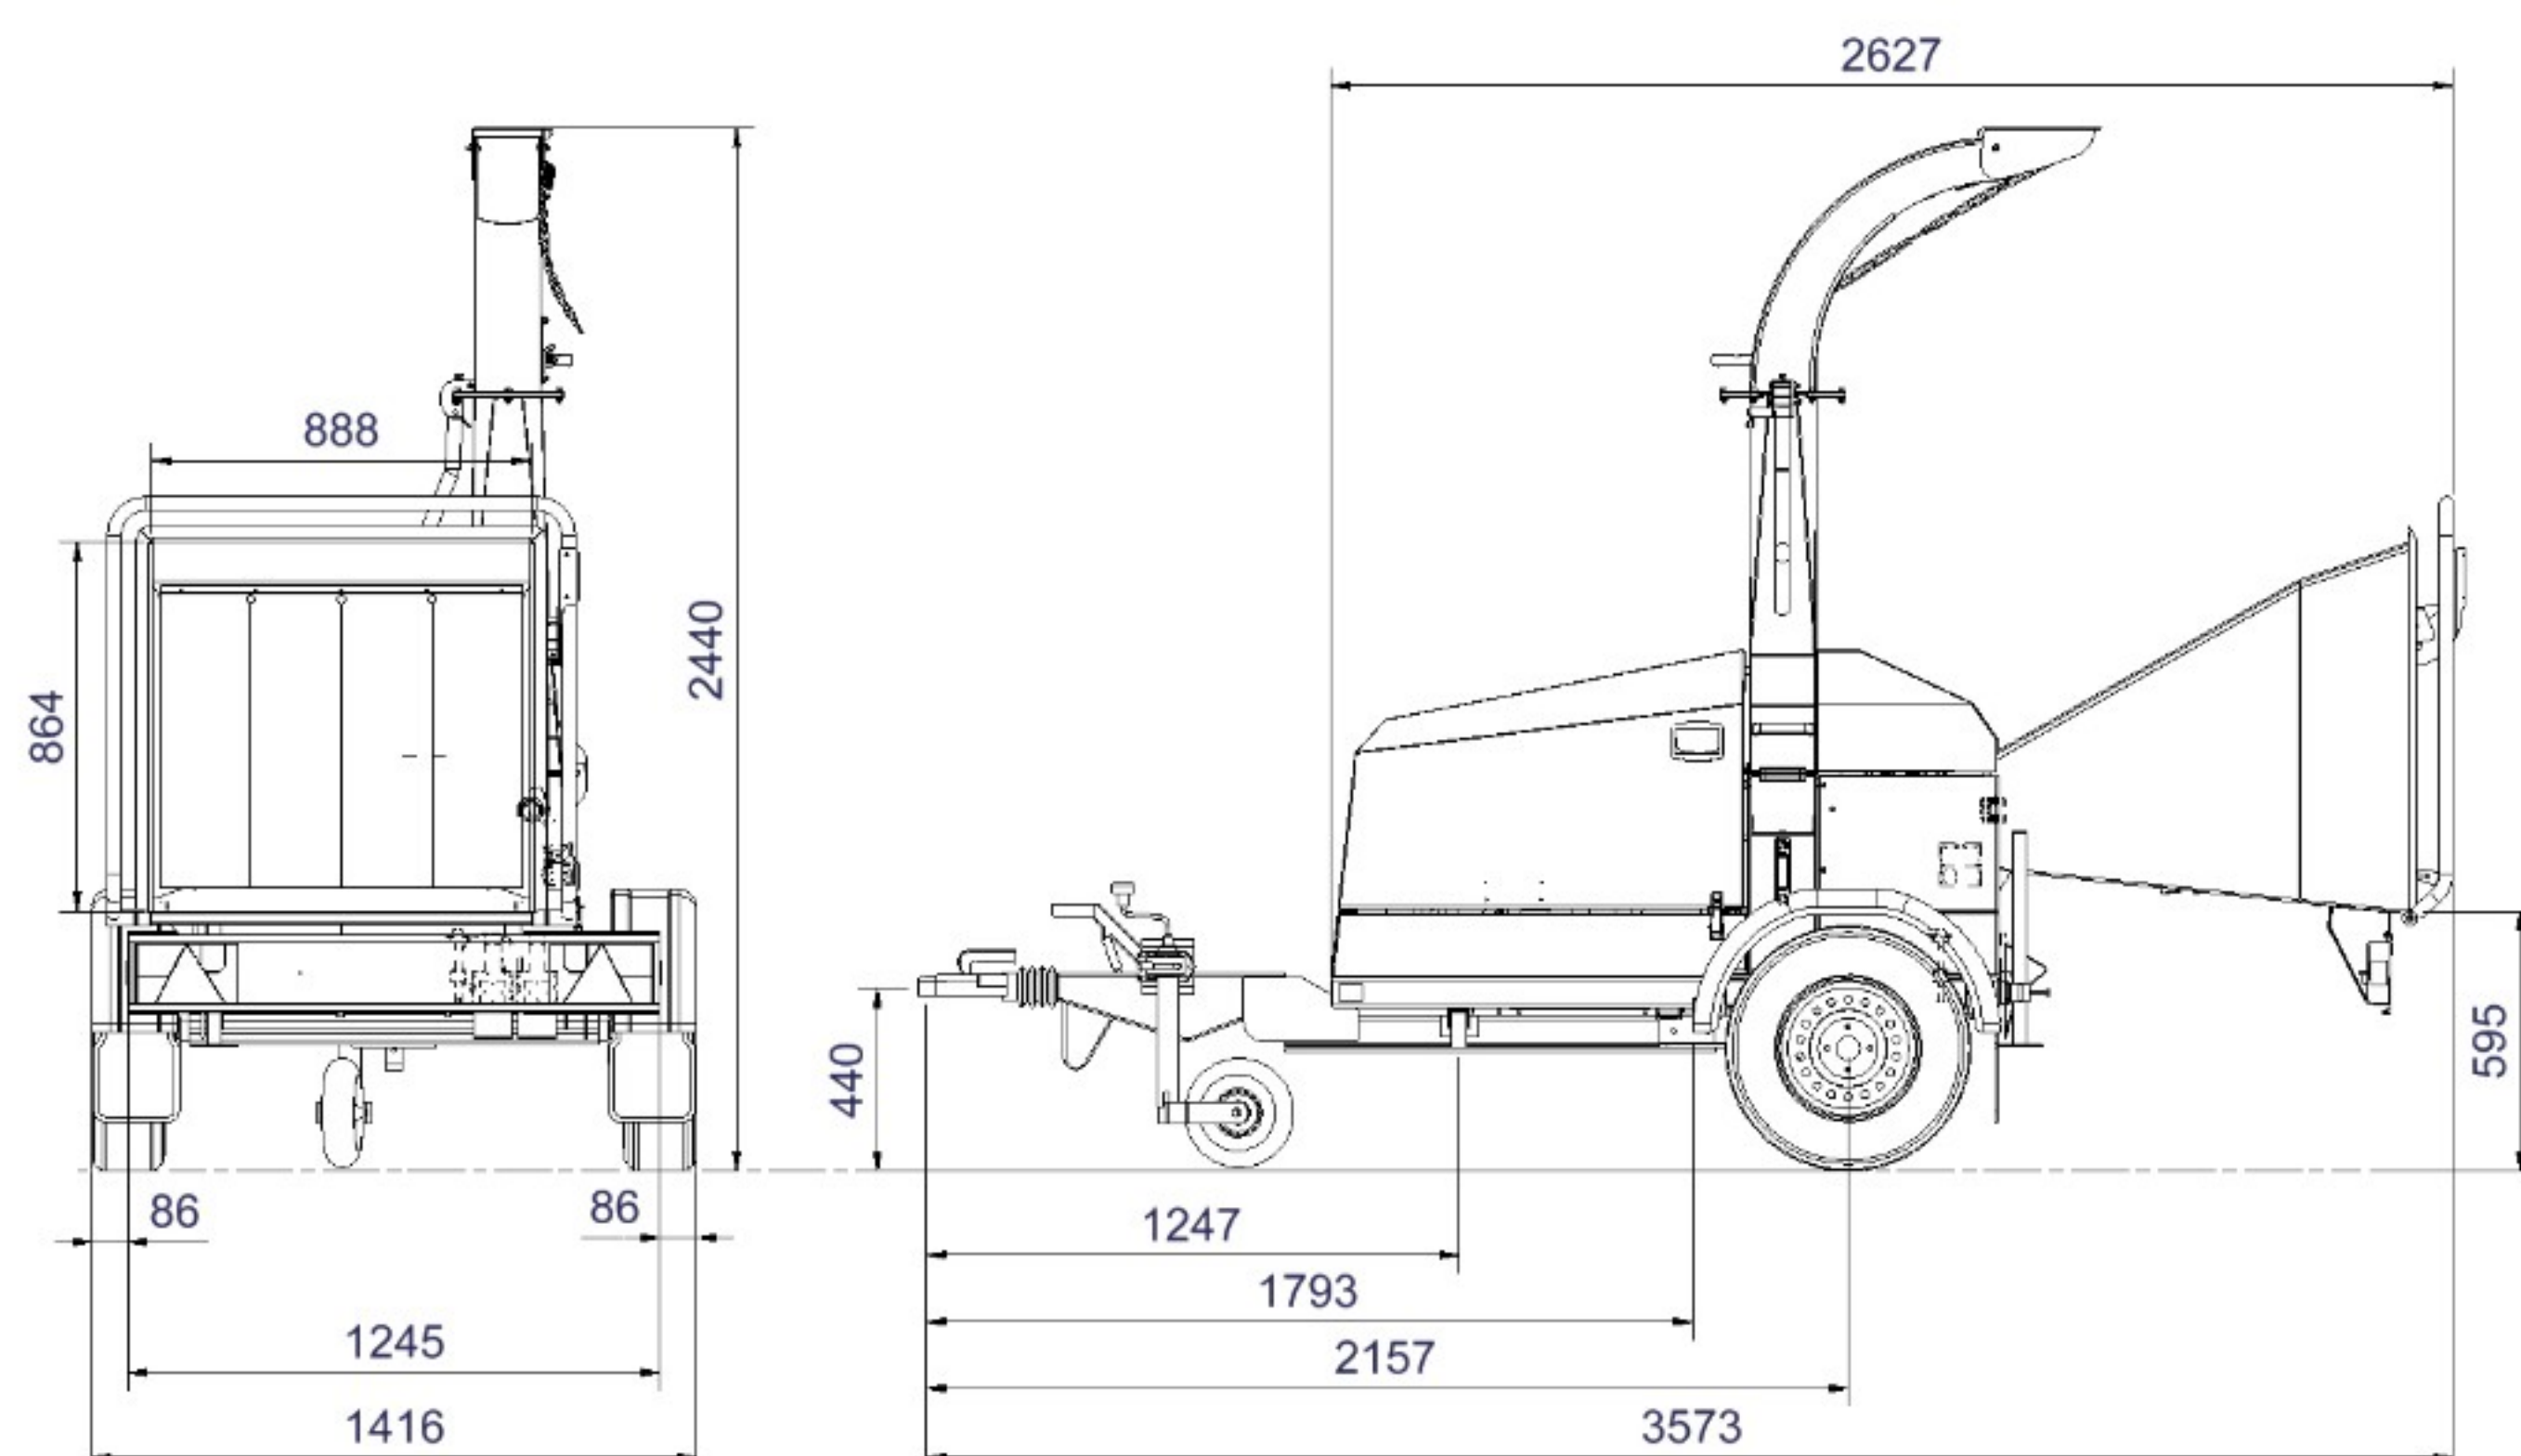

Max. wood diameter	160 mm
Opening at the drum	H x W = 160 x 221 mm
Chipping principle	Disc
In feed angle	Parallel to driving direction
Feed rollers	2 horizontal
Rotor diameter	660 mm
Rotor weight	83 kg
Number of blades	2
Counter steel	1 horizontal, 1 vertical
Chip length	4 - 10 mm
Engine	Lombardini (diesel)
Engine power	35 hp
Capacity	Up to 8 m ³ /hour
Weight	830 kg
Dimensions H x W x L	2440 x 1416 x 3573 mm

The stress control system **TP PILOT** has several functions to prevent engine overload. For instance control of start and stop of feed rollers based on the rotation speed of the rotor disc.

TP 160 MOBILE is mounted on a one-axle trailer with an overrunning brake system and a galvanized stabiliser.
