

FLEX SCREEN 600

The ASCO® FLEX SCREEN 600 is a powerful, semi-mobile screening plant specifically designed for flexible use on construction sites and in landscaping applications. It is ideally suited for processing and separating a wide range of materials such as soil, gravel, crushed stone, and wood chips. Thanks to its compact design and ease of transport, it ensures maximum efficiency—even when frequently changing locations.

△ TECHNICAL DATA

- △ System performance: up to 10 m³/h
- △ Maximum bucket width: 0,8 m
- △ Screen area: 0,9 m²
- △ Drive power: 400 V / 2 x 0,7 kW
- △ Weight: 880 kg
- △ Width: 1,25 m
- △ Length: 2,6 m
- △ Height: 1,76 m
- △ Loading height: 1,56 m
- △ Recommended amperage for fuses: 16 A

△ HIGHLIGHTS

- △ Vibration motors for emptying the hopper
- △ Easy to transport
- △ Easy to maintain
- △ Versatile – ideal for construction sites, gardening and landscaping
