

Fully Manufactured in Ireland. Gorilla Ireland specialise in providing robust and affordable machines to the Recycling Industry

**Simple to
Operate**

**Powerful
Engine**

**Very Low
Maintenance**

**Range of
Screens**

**Safety
Features**

**Easy to
Transport**

Deck Screen Range

The Gorilla AD130 and TD230 are compact, heavy duty wheeled and tracked mobile screening systems fully manufactured in Ireland. Using simple, but effective screening technology they will turn your waste material into profitable, reusable material.

Designed to Operate on and off site with no special permissions needed to transport these units anywhere in the world. Save on transport and waste material costs!

General Specifications

	GORILLA AD130 (Wheeled)	GORILLA TD230 (Tracked)
Power Unit	YANMAR 19KW (25.4HP) Diesel Engine.	YANMAR 19KW (25.4HP) Diesel Engine.
Motors	EATON Motors for Conveyor	EATON Motors for Conveyor & Tracks
Screen Unit	Double Deck with loading pan	Double Deck with loading pan
Deck Size	Double Deck 3m x 1.2m (10' x 4')	Double Deck 3m x 1.2m (10' x 4')
Mesh	Side Tensioned top mesh and end tensioned bottom mesh	Side Tensioned top mesh and end tensioned bottom mesh
Conveyor Width	1050mm (3' 5") Fines Conveyor	1050mm (3' 5") Fines Conveyor 500mm (20") Mid Section conveyor (Chevron Belt on Mid)
Loading Height	2340mm (7' 7")	2340mm (7' 7")
Discharge Height	2200mm (7' 3") Fines Conveyor	2200mm (7' 3") 1400mm (4' 6") Mid Section
Hydraulic System	UK Dowty / Parker Pumps	UK Dowty / Parker Pumps
Screen Mounts	Resatec Swiss Oscillating Joints	Resatec Swiss Oscillating Joints
Tracks / Axle	Solid axle system and hole pin drawbar	Tracking system with EATON Motors
Options	<ul style="list-style-type: none">• Selection of Meshes• Discharge chutes for end of Screen• Finger Bars top and bottom Deck• Extra Spill plates• Road Lights and extra axle options	<ul style="list-style-type: none">• Selection of Meshes• Discharge chutes for end of Screen• Finger Bars top and bottom Deck• Extra Spill plates
