

SCOPE MAGNETICHE | MAGNETIC BROOMS

Robusta struttura in acciaio inox che consente la raccolta di piccoli componenti ferrosi mediante piastra magnetica.
Sturdy steel frame allows the collection of small iron parts through the magnetic plate.

Scopa magnetica con ruote e sistema di apertura facilitata tramite leva
Magnetic broom with wheels and easy opening system by lever

MODELLO MODEL	DIMENSIONI - DIMENSIONS (mm)		
	L	P	H
867M0515RF	1500	920	500
867M0525RF	2500	920	500

MASSIMA PRATICITÀ D'UTILIZZO grazie alle ruote girevoli in Inox e all'altezza fissa di 110 mm dal piano magnetico a terra.

NUOVO MAGNETE DOPPIA FORZA: capacità di trazione più di **100 KG** di sfridi ferrosi.

SISTEMA ESCLUSIVO AMMORTIZZANTE per pavimenti irregolari.

MAXIMUM EASE OF USE thanks to the swiveling wheels in stainless steel and to the fixed height of 110 mm between the magnet and the floor.

NEW MAGNET DOUBLE STRENGTH: pulling force more than **100 KG** of ferrous scraps.

UNIQUE SHOCK ABSORBING SYSTEM for uneven floors.

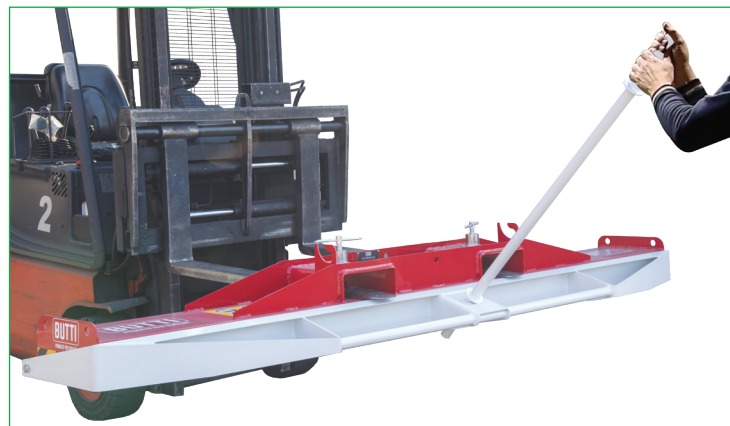

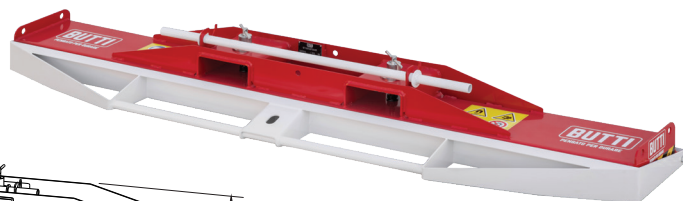

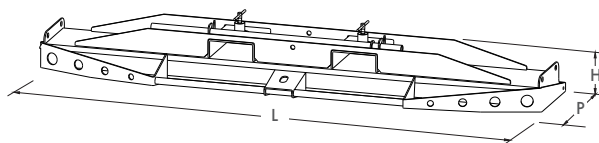

ESCLUSIVO SISTEMA AMMORTIZZANTE
UNIQUE SHOCK ABSORBING SYSTEM

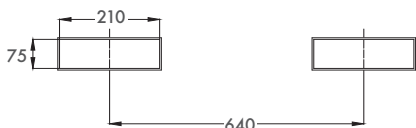

TRAZIONE OLTRE 100 KG
PULLING FORCE 100 KG

Scopa magnetica con sistema di apertura facilitata tramite leva
Magnetic broom with easy opening system by lever
