

YT193 / YT223

YARD / TERMINAL TRACTORS

DESIGNED FOR PORTS, DISTRIBUTION CENTERS, INDUSTRIAL SITES AND AIRPORTS

Durable, ergonomic and easy to service

The Terberg YT Series yard / terminal tractors are extremely durable and easy to service and update. Operators experience the highest level of comfort and ergonomics.

ROBUST AND DURABLE

The newly developed platform, featuring a hot dip galvanized chassis, is extremely robust and durable, ensuring a long life. It has been tested extensively in test labs and on the test track.

EASY TO SERVICE

Terberg facilitates quicker and easier access to mechanical and electronic components to ensure efficient and cost-reducing service. The new electronics architecture is based on CAN bus and supports future updates over-the-air.

THE NEW BENCHMARK FOR TRACTOR OPERATORS

Its spacious cabin with large windows and ergonomic design optimise operator convenience and safety. Together with the intuitive controls and storage compartments the YT Series is the No.1 choice for drivers.

OUR FEATURES

Strong and durable fully tested chassis
Up to 36 tons fifth wheel and lifting capacity
Hot dip galvanized chassis
Strong drawbar

High comfort cabin suspension
Robust mirror arms
Plenty of room for accessories and storage
Demister/heater with well positioned air outlets
New heater

Fingertip console next to seat
Fuel and adblue tanks on same side
Large fuel capacity
Fast lift frame movement

Easy access to parts
Bumper in 3 parts, plastic or steel mudguards
Easy accessibility of filters and components

Terberg Electronic Architecture 2.0 -
Future ready; software updates
New controller with multiple dynamic outputs available

Interior air filter filters air from outside and inside
Fifth wheel height sensor
100% closed valves secure lift height
Hydraulic system improves functional safety
Double-acting cylinders
Ergonomic steps
Good visibility

YOUR BENEFITS

ROBUST & DURABLE
High loads, long life,
high residual value

COMFORTABLE
High quality driving experience
and modern working environment

EFFICIENT
Daily operation

EASY TO SERVICE
Efficient maintenance and repair,
easy retrofit

NEW ELECTRONICS
Future-ready

HEALTH & SAFETY
Safe and healthy working
environment

TERBERGCONNECT

ALWAYS A COMPLETE OVERVIEW

With the optional Terberg Connect telematics solution users can gather valuable operational data from the Yard Tractors to optimise their fleet management. This makes it possible to track vehicle movements and schedule preventive maintenance to maximise the availability of the tractors.
