

PVE 110M vibratory hammer with 1200kN extraction head

Technical specifications PVE 110M

Eccentric moment	110 kgm
Max. frequency	1350 rpm
Centrifugal force	2150 kN
Line pull capacity	1200 kN
Amplitude	30 mm
Max. oilflow	956 ltr/min.
Max. working pressure	350 bar
Weight of vibro hammer	13.500 kg
Operational weight*	21.500 kg

*including beam, tube clamps and hose bundle
