

OFFER

SBM EUROMIX[®] 1600 – 64L

USED MOBILE CONCRETE PLANT

ALPAM

No. GG-26-A05

Manufacturer

SBM Mineral Processing GmbH, Austria

Model

EUROMIX[®] 1600 – 64 L

Condition

Used – good

TECHNICAL DATA

Aggregate stock

64 m³

Chambers – aggregate

4 x 16 m³

Theoretical capacity

80 m³/h

Mixer size

1.67 m³

OFFER

SBM EUROMIX[®] 1600 – 64L

USED MOBILE CONCRETE PLANT

ALPAM

SCOPE OF DELIVERY

Mobile container - weighing and storage unit 64 L incl.:

- Fully galvanized steel construction
- Transport width 2.5 m
- Feed hoppers 4 x 16 m³ = 64 m³
- 8 dosing flaps for aggregate
- Weighing belt 3,500 kg
- 4-point support
- Weighing wall (double-sided)
- Compressed air distribution and compressor 4kW
- Stainless steel lining for 1 bin

EUROMIX 1600 mobile container mixing unit

- Fully galvanized steel construction
- Transport width 2.5 m
- Inclined conveyor belt PBB 1000
- Cement scale 500 kg
- Additive scale 2 x 12.5 l = 25 l
- Water scale 250 l
- Two-shaft mixer BHS DKX 1.00 (37 kW), volume 1500 l, 1.67 m³/batch
- Compressed air distribution
- Spot support
- Electrical equipment
- Martek control system
- Mixing unit cladding with ISO panels

2 pcs of SBM cement silo (with ladder) 47 m³ / 56 t semi-mobile

(incl. cement screw conveyor, control unit, filter, equipment, etc.)

1 pcs of SBM cement silo for microsilica (with ladder) 47 m³ / 56 t semi-mobile

(incl. cement screw conveyor, control unit, filter, equipment, etc.)

Additive management

(4 types) incl. 1,500-ltr tanks and dosing pumps, catch basin 6000 ltr

30' container

(9.0 x 2.5 x 3.1 m)

divided for control room and additive storage

Concrete foundations

4x for the storage unit

1x for the mixing unit

6x foundations for silos
