

protection security control

X-SAFETY

Construction sites

Secure entry points, store equipment safely, monitor remote corners.

Industrial areas

Keep track of assets and protect sensitive infrastructure.

Public events & concerts

Temporary crowd control and safety monitoring—silent, clean, and compact.

Logistics hubs & warehouses

Monitor vehicle movements, loading zones, and storage areas 24/7.

Remote/off-grid areas

Bring reliable surveillance to places with no fixed power or data lines.

Emergency and disaster relief

Quick to deploy in natural disasters or crisis zones for temporary monitoring.

Parking lots & service areas

Deter vandalism and theft where no permanent infrastructure is present.

Military, border or infrastructure surveillance

Mobile solution for sensitive, high-risk zones.

designed and created for your needs

Designed to provide an exceptional level of performance for every work on site ensuring the right balance between power and ease of use
