- 1000-1520 mm operating height
- Side barriers with 350 mm height
- Compatible with european standard EN 1398
- Anti-slip galvanized and notched grid of the platform
- Steel construction designed according to load distribution
- Hydraulic foldable front flaps
- Wheels that provide replacement in the loading area
- Movable-based and floor adapted feet
- Ral 7031 and ral 2004 colour
- Industrial paint
- St-37.2 material
- Two pieces hydraulic foldable front flap
- Operation position 10510 mm, transport position 8020 mm.

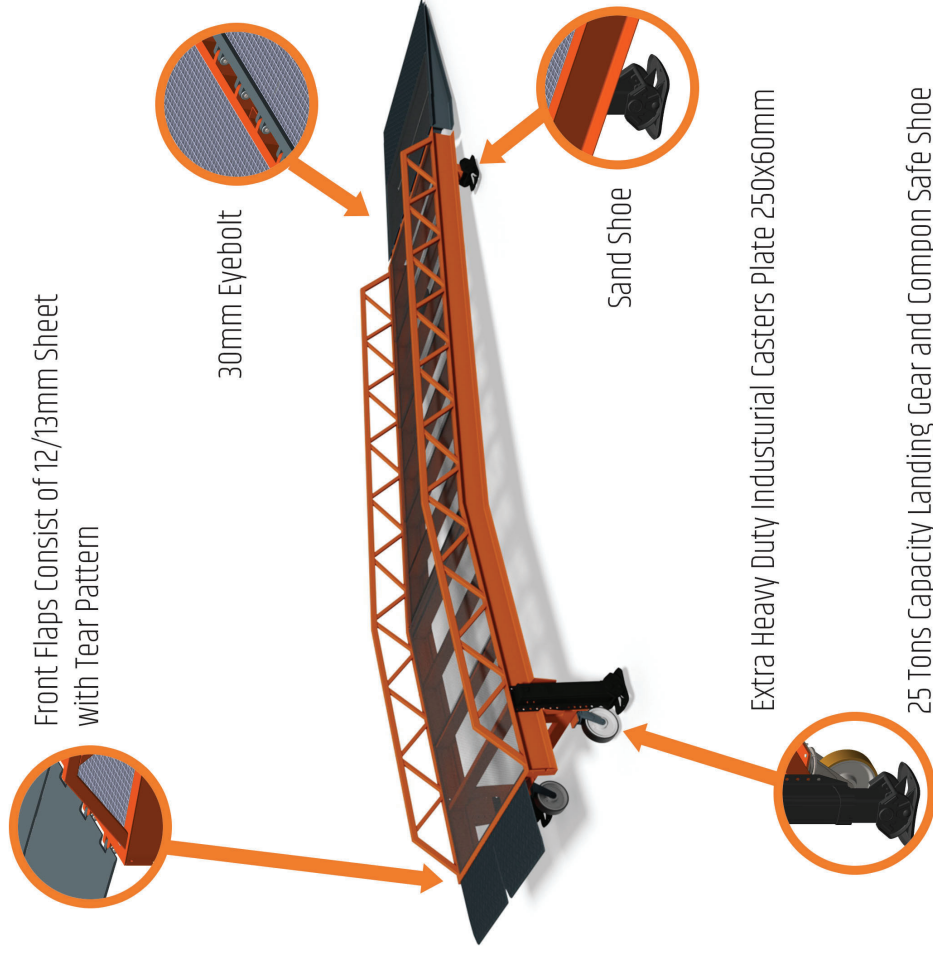

## STANDARD MEASUREMENT TABLE

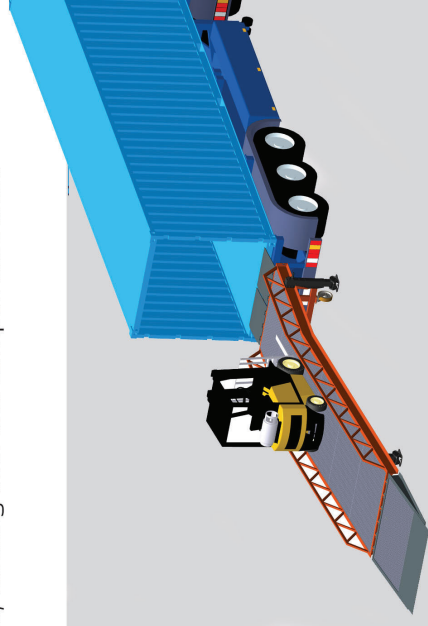

MODEL	CAPACITY (kg)	WIDTH (mm)	LENGTH (mm)	FOLDABLE TAIL (mm)	FLAP (mm)	NOMINAL WORKING RATE (+mm)	NOMINAL WORKING RATE (+ mm)
PYR-8	8000	2065	10510	2100	740	1000	1520
PYR-10	10000	2065	10510	2100	740	1000	1520
PYR-12	12000	2065	10510	2100	740	1000	1520
PYR-15	15000	2065	10510	2100	740	1000	1520

\*You can also contact our sales team for orders exclusive of the standard capacity. Thus, the designs can be made according to your needs.

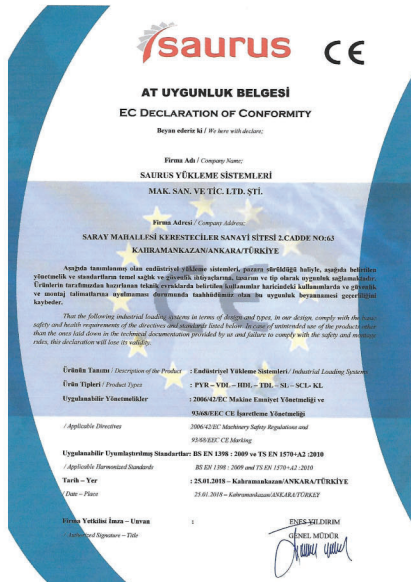

## MOBILE LOADING RAMP

Mobile loading ramps can be used for loading or unloading from zero to a height until 1000-1600 mm via forklifts and pallet trucks. Because the mobile loading ramps are portable, their position can easily be changed according to any situation.
