

McIntyre Wrights
Super Stripper 600HD Full

Wrights 600HD Full Cable Stripper

A British built machine, these strippers are designed to withstand the rigor of working yards for many years and are built to last.

Versatile

The SuperStripper 600 FULL HD is an excellent machine for processing thick insulated cables & tough Steel Wire Armoured and Steel Tape Armoured cable.

We believe this is the only machine that is capable of cutting through double steel wire armoured cable to then release the copper cores via a chopping facility built into the machine, it is also built with a huge rhino horn to open the cable after cutting to promote easy access the copper core/s.

This Heavy-Duty version of the SS600 is constructed with upgrades including 4mm Main Frame Box Section, as opposed to 2.5mm Std. and Steel Bearing Housings as opposed to the Cast Iron as Std.

Technical Data

Overall Length:	1700mm
Width:	1200mm
Height:	1800mm
Weight:	1800kg
Motors:	3 phase: 5.5 kW
Cutting Speed:	6m per minute
Cutting Capacity:	50 – 260mm

While we make every effort to ensure that our information is correct, technical data is for guidance only and subject to change. If any dimension or performance indication is important to you, please check with us before ordering.

Why is this the best for you?

Can easily process:

- cores from armoured cable
- quadrant
- low grade cable
- one easy adjustment for all sizes
- low line fork lifting points
- heavy insulated conducts

About McIntyre Recycling Systems & Services

McIntyre is the gold standard in recycling systems and services, with 27,000 machines installed worldwide and a reputation for the widest and best-performing range of solutions for metal, waste, cars and aluminium. With scrap metal roots extending back to 1872, we have an unrivalled understanding of the challenges faced by scrap merchants, waste managers, car breakers, manufacturers, foundry managers and others with recycling responsibilities. As a result, the McIntyre name has become synonymous with innovative, problem-solving designs, robust products that deliver the best return on investment, and a knowledgeable, friendly and helpful service.
